Thanks, but go ahead and send out to the team just checking their availability. You and I still can select who we want to deploy. Therefore, no one feels left out.

Thanks

Craig – thanks for sending out – I was just planning to send to the entire team but will hold off for now. Regarding Pam, I am hoping that she would be available as call back support. We are in discussions now. Johanna

Good all,

Region VII has requested the CISM/PEER Support assistance at the Gold King Mine Site in Durango, CO. I've had a good conversation with Johanna this morning and she expressed her concerns about the members that we deploy. I respect this because it gives me a good indication as to the culture we are about to embrace.

Region VII would like to have a two man team present as early as Saturday, August 15. That means someone has to travel today or on the plane Saturday.

Johanna has reached out to two members but I need to check the availability of this group.

Dennis/ Pam- I need for either of you to be able to conduct a short class for the deploying team on “stress related”.

Deliberative Process/Ex. 5

Deliberative Process/Ex. 5 Johanna also mentioned that it is a very High stressful place and nobody is talking much. This is the reason why we must be very selective as to the team members who deploy. (I’m not taking nothing away from any CISM team members, but I want to be careful).

Please get back to me and Johanna ASAP.

Thanks to all of you for understanding the need and the will to serve.
